# Commissioners' Report

---

1934-1935

## I. *Sidewalks.*

No serious damage was suffered by our sidewalks last winter.

Gravel was placed in front of the fish houses to afford a walk from Miss Frost's rock garden to the concrete walk to the bath houses. Other work on sidewalks included the usual minor repairs and the care of the boardwalk at Bass Beach. We also had the broken drain pipes along the water front picked up.

## II. *Hydrant Service.*

The Public Service Commission has not yet concluded its investigation to determine the amount of rental to be paid for our hydrants.

## III. *Drainage and Mosquito Control.*

Spraying of the marsh and parts of Cedar Swamp was done systematically by Herbert Brown starting early this spring. This work has reduced the number of mosquitoes on the Head.

A dam has been put in at the head of the Great Ditch to keep up the water level in the ditches that drain into Little River.

## IV. *Zoning.*

Your Commissioners introduced a bill in the legislature for the purpose of obtaining zoning powers for the district, after the Town had voted down a proposed town zoning ordinance at Town meeting. This bill was defeated.

V. *Policing.*

The district paid half the expense incurred by the Town for police service at the Garden Festival this June. Watchman service was in force for the usual time last winter.

VI. *District Boundaries.*

The Commissioners put up attractive signs to mark the District boundaries on main highways.

VII. *Street Lighting.*

Arrangements have been made to install a modern street light in place of the two poles at the corner of Willow Avenue and Ocean Boulevard, opposite Mrs. Manning's.

WILLIAM P. FOWLER,  
MARION STOTT,  
PHILIP N. HOBSON,

*Commissioners.*
